

Board Authorizes Huge Bond Sale

Sale of an additional \$2 million in bonds for building purposes was authorized this week by the Torrance Board of Education.

The sale was authorized to keep the district eligible for state loan funds, since law requires that the district be bonded to 95 per cent of capacity. The money also will be used to speed up the district's high school building program.

In other financial actions, the board voted to invest \$695,000 of current funds in short-term treasury bonds for 90 days in order to gain a little interest before funds are needed, William C. Boswell, president, announced.

Visitation Day Set for Sunday

Dr. R. Murray Jones, First Presbyterian Church, Gardena, has chosen "We Can If We Will" for his sermon topic for Sunday, Sept. 25 at the 10:15 a.m. worship service.

Nursery care is provided every Sunday during the service.

Every member of the church will be called on Sunday afternoon or during the week to receive a special invitation to attend World Wide Communion Service next Sunday.

They will be asked to sign a Dedication Pledge to renew their loyalty to the church and to signify their plans to be present at one of the two services on Oct. 2, 9:30 or 11 a.m.

Any member who would like to help with this friend-

ship calling is asked to contact the church office or the minister.

Church school is held at 1842 Gardena Blvd. each Sunday from 8:45 to 9:45 a.m. for nursery through junior high age. Senior high and adult Bible classes are held at the church during the same hour.

All young people, post high school and college students (17-25), who are interested in a youth fellowship group are invited to attend a meeting Sunday evening at 7 at the church.

CERAMIC SAFETY
The Ceramic Tile Institute calls attention to the fact that its quality product not only cleans more effectively with detergent instead of soap, but also provides a safer walking surface.

Chace Appoints Area Residents

Two Fourth District residents today were reappointed to the County Board of Supervisors' Hospital Advisory Committee.

On the motion of Supervisor Burton Chace, Dr. Lowell R. Hill of 21 Surrey Lane, Rolling Hills was renamed to the group along with Mrs. Chester A. Hoover of 301 Ocean Ave., Santa Monica.

The committee, with the assistance of the County Medical Association, reviews the handling of emergency patients and is studying the present over-crowded condition at General Hospital. It advises the Supervisors on hospital matters.

Youth to Be Aided

(Continued from Page One) to the Press for printing the story.

"My wife worked part time, but this is impossible now, with a 2 year old at home," Reser stated.

From people in ordinary walks of life, help is slowly coming forth. A few organizations have responded by placing collection boxes in a shopping center here.

The Resers are hard-working, American citizens.

Young Hook, in his 15 years of living, has learned that America—and Torrance—is filled with generous citizens.

WEATHER PROTECTED—will be Mrs. Roland Hebert, 5217 Carson, Torrance, with Insul-Seal improvement in the attic of her home. Mrs. Hebert won this unusual prize at the Home Show Raffle last summer. Mr. Reisman (left) manager of Insul-Seal in the area, and the crew look on as Mrs. Hebert signs for the delivery of Insul-Seal. Mrs. Hebert says her family is comfortable no matter what the temperature is outdoors.

Plans to Improve Crest Road Here Meet Approval

Plans and specifications for the improvement of Crest Road from one-fourth mile easterly of Hawthorne Blvd. to Crenshaw Blvd. in the Palos Verdes area have been approved by County Supervisors.

Bids for the project will be opened by the Board on Oct. 4 and the contract is scheduled for completion in November of this year.

The improvement, approximately one and one-third miles in length, will consist of constructing pavement on the center 40-foot section of the roadway including a raised - median intersection channelization strip at Crenshaw Blvd.

The contract will be part of the stage-improvement of this highway ultimately to provide a six-lane roadway within a 100-foot-wide right of way.

Supervisor Burton Chace said this project will join on the west with the Hawthorne Blvd., Crest Road improvement presently under construction. Another road improvement project currently under construction in this vicinity is Indian Peak Road from Crenshaw Blvd. to Hawthorne Blvd.

Local Phone Girl Rings up Forty Years' Service

Forty years to say "number please" is a long time, but Lillian Faulkner made it.

Lillian Faulkner of 2367 Sonoma St., Torrance, recently celebrated her 40th service anniversary with Pacific Telephone.

Miss Faulkner, long distance operator in the Wilmington exchange, started her Bell System service in 1920 at Centralia, Washington. She moved to Torrance in 1924. During her service years in Southern California Miss Faulkner worked as central office clerk, supervisor, evening chief operator and chief operator.

Miss Faulkner was born in Rielake, Wisconsin. She graduated from Centralia, Washington High School in May, 1920 and went to work for the telephone company three months later. She has lived at her present address since 1927.

Miss Faulkner is a member of the Lomita Eastern Star and of the Telephone Pioneers of America. The Telephone Pioneers of America is an international organization of communications workers with 21 or more years of service in the industry.

Bank of America New Branch Here Hits One Million

The Main and Carson branch of Bank of America has reached the million-dollar mark in deposits less than two months after it opened. Richard E. Ogle, manager, announced today.

Ogle said this reflects the excellent economic health of the South Bay communities.

Opened at 180 E. Carson St., July 22, the branch is the bank's third in the Torrance area. It hit the \$1,000,000 total in commercial and savings deposits Sept. 16, and "new accounts are still being opened at a brisk pace," Ogle said. "This is an important event for us," he said. "It justified our confidence in the economic well-being of the Carson-Dominguez community and the South Bay, and is a good indication of the tremendous growth potential of this area."

Fancy Steps

The basic function of steps is to get you up and down, but in a garden they can do much more. They can extend a welcome, point or lead from one area to another if they are carefully planned. Wide steps will look better outside and will have room for garden growth to overlap and soften their lines. Steepness can be dangerous without the support of walls and balustrades, so make the descent gradual. Break up long flights with landings, or by curving the path, or by zig-zagging.
